PRINCE2 Agile® Training Programmes

PRINCE2® is a standard method for effective project management that is used all over the world and can be tailored to suit any project that you manage. PRINCE2 Agile combines the flexibility and responsiveness of agile with the clearly defined framework of PRINCE2 and provides guidance on how to practically apply both PRINCE2 and agile, reduce conflict, and implement it effectively, so you can benefit from the best of both worlds.

These globally recognised qualifications will give you the fundamental skills needed to be a successful project manager, improve your ability to tailor the PRINCE2 method to agile projects and, most importantly, improve your employment prospects. They also give you flexibility - you're not tied to a single industry as the framework can be applied to any organisation in any project of any scale.

PRINCE2® 7 Training Programmes

PRINCE2® a well-known methodology that is used by individuals and organisations globally to manage projects effectively and in a structured manner. It is adaptable and can be used to manage any project, regardless of scale, scope, and type. The PRINCE2 certification will equip you with the knowledge and skills you need to be a well-rounded project manager, and help you progress your career.

The 7th Edition is an evolution of the methodology, and the updates add a new dimension to the guidance. As there are some new inclusions, such as a 'people integrated element', in addition to the principles, practices, processes and the project context. And four new management products within the PID for change, commercial, data and sustainability.

Reasons to use ILX:

- ✓ Quality Teaching
- ✓ Pass Guarantee for Foundation Course
- ✓ Prince2 Accredited
- ✓ High Pass Rates
- ✓ Wealth of Experience

Classroom Courses, Cancellation and Transfer

Classroom courses and their respective exams must be attended within 12 months of the date on which they are purchased by the Customer.

The venue and date of the course will be as advised to the Customer at the time of booking. ILX reserves the right to change the location of the course and will advise the customer as soon as this change is known. ILX reserves the right to cancel or reschedule any course and will advise the customer as soon as this change is known. ILX will use all reasonable endeavours to avoid changes of this nature.

When this is unavoidable ILX will refund, in full, all monies paid by the customer, or at the customer's option apply all monies to a rescheduled or alternative course.

Customer Cancellations and transfers will only be accepted if made in writing and received at least four weeks before the start of a classroom course. Where the notice to cancel and or transfer is given is less than four weeks but more than two weeks, cancellations or transfers will incur a charge equivalent to 50% of the course fee. Where cancellations or transfers are made less than two weeks to the start of a course, a charge equivalent to 100% of the course fee will still be payable by the Customer. The Customer accepts that cancellations and transfers made with four weeks or less notice means that ILX will have difficulty in finding a new customer to take the customers place and that the above fees represent a real and fair pre-estimate of the costs and loss of profits ILX could have made had the customer not cancelled or requested to transfer.

Transfers beyond this point can be arranged but the Customer will be liable to pay a fee.

In respect of Blended Learning courses containing an e-learning and workshop or exam element, the Customer must attend the workshop and or exam element(s) within the Licence Period. Should the Customer fail to attend within this period then ILX reserves the right to charge the Customer another fee to book the workshop and or exam element, which will be charged at the market rate (in current).
